Functional skills

14 - 19 Strategic Partnership

The 14 – 19 strategy focuses very heavily on strengthening vocational routes and practical skills development within the curriculum.

Many schools now face the task of sourcing such provision to enable their students to access work experience and offer the variety of vocational choices and enterprise opportunities.

We would like to offer our services in relation to generating such partnerships to help schools access work based learning apprenticeships and employer work experience.

We currently provide a variety of vocational options which includes personal Learning and Thinking Skills and functional Skills training.

BL Hairdressing Training would like to invite any interested parties along to discuss any hairdressing vocational training requirements you may have. We can arrange a short presentation for you and your colleagues/students and taster days.

Future Developments

BL Hairdressing Training are delivering the Diplomas in Hair & Beauty studies launched in 2009. We are members of local consortiums in Newcastle, Sunderland, Middlesbrough and Darlington. If you need any further information please complete the 'tear off' slip and send to your choice of contact.
