'So what's it all about.....'

The Graduate Stylist

This has been specially designed to train apprentice hairdressers at Level 3 standard whilst achieving their Level 2 qualifications. This would give the learner the opportunity to access Level 3 workshops and the confidence to be trained at an advanced standard, gaining assessments for both Level 3 and Level 2 qualifications at the same time.

Innovative Approach to existing qualifications:

Advanced Apprenticeship NVQ Level 3

BL Hairdressing have redesigned the standard NVQ Level 3 Qualification to offer an innovative and flexible approach to learning. The focus of the programme is to develop exciting new technical skills and enhance creativity giving the learner competence to offer these services to their clients.

This qualification is suitable to:

- Up scale junior stylists to an advanced creative level of hairdressing.
- Also ideally suited for experienced stylists as a fast track to achieving their NVQ Level 3 qualification.
